

Fashionable frameless furniture

In recent time, the fashion came in the so-called [frameless furniture](#). At present, frameless furniture factories producing sofas and armchairs. Such a chair, for instance, can be produced in several common models of chair of the bag with a lot of changes: pear chair, chair ottoman, chair ball. Ball chair, for example, can be a great present for football fans or a young footballer. There are even a pig chair, chair and armchair stump sausage. The last preference is a five-meter sausage width 43 cm, which can be tied, bend and generally you can do all you want. Free flight for creative thinking is provided! The idea of such a seat has its roots in Italy, quite by accident - at a furniture factory, once the foam lay in bags to use later, well, and someone decided to sit down to rest and off they'd go! When a man sits in a chair like [bag armchair](#), under the weight of his body stuffing from polystyrene beads move, repeating curves of the body. As a result, the spin can contentedly relax, and spine to relax. Frameless furniture is almost across the world positioned itself as orthopedic, that is no dangerous to your body as some models of standard chairs, but also brings an extra charge of health and vigor. In addition, polystyrene is environmentally friendly material, strong to water, aging, the effect of numerous fungi. Yet, the chair bag needs attention from time to time - to the extent of exploitation to add filler, which tends to sit down. This can be done by yourself, only buy the original material, or you can trust the professionals, and then - almost new chair back to your apartment or house, pleases you, and most importantly - your teens. Children are the main consumers of such products - of course, pay for it all the same parents. In the younger age children should play at a comfortable armchair with their toys, read a book, watch Tv. With personal design and choice of fabrics you can decorate the room with stylish teenage girls, where it will be convenient to write about favorite boy in her diary or to gossip with her friends. And this armchair will be central in the country - it weighs a bit, so you can drag it along the whole slice to get comfortable, to substitute body under the warm sun and soak up the sun for an hour or two.
